PETITION IN RELATION TO THE SECURITY FORCE OPERATION IN THE REGENCY OF NDUGA, PAPUA PROVINCE

Papua, 22 December 2018

To the :

President of the United Nations Human Right Council (UNHRC)
in

G E N E V A

Dear honorable Mr President,

We, the 'Foundation for Justice and Integrity of the Papuan People', send this petition to you because we ask you to direct your attention to the human rights situation in the Indonesian provinces of Papua and Papua Barat. Through this letter, we would like to share our thoughts and deep sorrow for the siutation of many indigenous Papuans whose tears have been shed for the victims of human rights abuses. We also want to inform you about the real condition of human rights in West Papua.

We assume you already know what is happening in West Papua. The Indonesian Government appears not to attribute human values to indigneous Papuans – we continue to be treated as objects of the Indonesian nation. Ethnic Papuans can not act freely as indigneous peoples on their own land – we are not valued as civilised human beings.

Therefore, we have decided to share our concerns with you, Mr President. The indigenous peoples of West Papua have high hopes that the United Nations will adopt a policy in support of the human rights situation in West Papua, which is currently in a state of emergency.

Mr President, we need to stress the fact that the Government of Indonesia has promised during its last Universal Periodic Review in May 2017 that it will settle three cases of alleged human rights violations in West Papua.

The implementation of the promise by the Indonesian Minister for Foreign Affairs has not been honored until today. We belief that the Government's promise in this honorable human rights forum was only made to whitewash its image for the international community.

We would like to inform you that the settlement of alleged human rights violations in Wasior (13 June 2001), Wamena (4 April 20013) and Paniai (8 December 2014) did not take place until today – the Indonesian Government has failed to take serious and meaningful measures to prosecute the perpetrators and restore justice for the victims.

We would also like to express our concern regarding the recent killing of 17 government contractors by members of the West Papua National Liberation Army (TPN-PB) on 2 December 2018 at Kabo Mountain, located between the districts Dal and Jigi in the Regency of Nduga, Papua Province.

On 4 December 2018, the Indonesian army conducted a military operation with helicopters in the districts Mbua, Dal and Mbulmuyalma. Militray members have launched further operations in other parts of the Nduga regency, namely in the districts Mapenduma, Jigi, Niruri, Kageam, Paro, Mepworok, Gesekema, Jengelo, Alama and Kilmid. Indigenous Papuans living in the affected areas have fled into the forests, where they are exposed to the extreme weather conditions in the highlands and face the risk of starvation.

The Indonesian President and vice-president have given the direct order to launch the military operations in the Nduga Regency with the goal to prosecute the perpetrators of the killings. The chairperson of the Indonesian parliament, Mr Bambang Soesatyo, demanded that the armed separatist group must be killed, while human rights concerns would be of second priority.

Following the president's command, the central government has deployed organic troops from Papua and Non-organic troops from other parts of Indonesia to the regency of Nduga.

Recommendations

Based on the afore mentioned developments, we would like to ask you, Mister President, to:

1. delegate a team of members of the UN Office of the High Commissioner for Human Rights to observe the human rights situation in the Indonesian provinces of Papua and Papua Barat on the ground
2. enter into communication with the Indonesian Government, asking for the withdrawal of troops and the termination of military operations in the provinces of Papua and Papua Barat
3. enter into communication with the Indonesian Government, asking for the opening of the provinces Papua and Papua Barat for foreign journalists and international observers
4. enter into communication with the Indonesian Government, expressing support for negotiations between the Indonesian Government and the 'United Liberation Movement for West Papua' (ULMWP) under mediation of a neutral third party to find a dignified and sustainable solution to end the ongoing violence in the provinces of Papua and Papua Barat

We kindly thank you for your attention

Sincerely,

Executive Director

Theo Hesegem

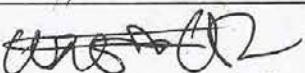

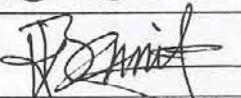

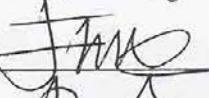

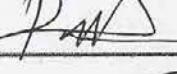

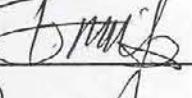

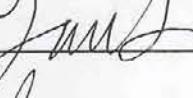

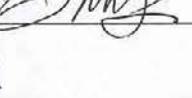

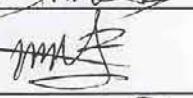

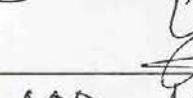

Executive Secretary
